Gateways Academy is an intentionally small and purposely designed PK - 12 microschool where every learner is known personally and empowered to learn and grow. Our school values individualized attention, authentic learning and a recognition of the whole child. Teachers at Gateways are committed to identifying where children are in their learning and helping them to advance, adjusting instruction as necessary. We are a diverse community that relies on patience, creativity, humor, preparedness, and a true desire to promote authentic learning. Those interested in joining our team should be flexible and be able to work cooperatively with students, staff members, administration, school families, and community members. Visit www.gatewaysacademy.org to learn more about our amazing community.
